

BRUTON SCHOOL  
FOR GIRLS

Scholarships  
& Governors' Exhibitions

11+ (Form 1)  
2011 Entry

## SCHOLARSHIPS AT 11+

Scholarships are open to girls entering the Senior School at 11+ who demonstrate outstanding talent or achievement. Applications are assessed by the Headmaster, Deputy Heads and members of the School Governing Body.

All awards are conditional upon good scholastic and discipline standards being maintained. Girls will be expected to set a positive example and contribute enthusiastically towards the life of the School.

Applications are invited for all Scholarships available. However the awards offered in a given year are at the discretion of the Headmaster and Governors.

Scholars may receive between 5% and 10% tuition fee remission for the duration of their attendance at Bruton School for Girls. The allocation of a scholarship is affected not only by the standard of the candidate's application, but also the number and quality of other successful applicants. Please note that families in receipt of the Forces Continuity of Education Allowance (CEA) are not eligible to receive any financial remission. However candidates may be awarded an Honorary Scholarship.

Scholarships are awarded purely on merit and are independent of parental financial circumstances. Should families feel able to decline the monetary reward associated with a scholarship, the money so released will be used to attract other talented pupils.

It is important to note the availability of means-tested **Governors' Exhibitions**, which are awarded to pupils who would benefit from an education at Bruton School for Girls but whose family would need additional financial support. A Governors' Exhibition may be in place of or added to a Scholarship. Please see additional information at the end of this document.

All Scholarships are awarded on the basis of:

- Recommendation from the Head of current school
- School reports for the current year
- Performance in the Entrance Assessments at 11+
- Interview with the Headmaster

These Governors' Exhibitions exist to support those pupils whose families would find difficulty in meeting the full fees and are awarded on entry into the Senior School and Sixth Form.

Exhibitions are awarded in the range of 10% - 40% tuition fee remission, although Governors' Exhibitions higher than a 25% fee remission are unusual.

Parents are asked to complete a financial questionnaire and each application is considered on an individual basis. However consideration is given to the number and needs of the applicants. Governors' Exhibitions are subject to regular review. Candidates applying for Scholarships are encouraged to apply for a Governors' Exhibition as well, should additional financial assistance be required.
